

Matijs Menke

Profile

I am a dedicated hard working person with the quality to work within team environment. I deliver quality in various scopes of rope access to the highest standard of safety. Without a safe working environment production will decrease due to the risk element.

Professional employment history

- 01/2010-PRESENT** Produced a productive year building a good client base.
I obtained my Lvl3 exam in the begin of 2011
Within this period i gained alot of experience in liffting and rigging.
